

Mr Browns Soul Kitchen is a family run cafe and takeaway who specialises in authentic Caribbean Street food. We are based in Huddersfield but our pop ups can also be found at some of the countries prominent markets, events and festivals. If you are wanting some soul food in your life then drop by and give us a try. We offer eat in, take away or even delivery.

Where ever we go we bring a little piece of the Caribbean with us!

Open for lunch and dinner, take away or eat in.
